

KAW Christmas and New Year Celebrations - Program Rules

Please review the rules carefully. If you have any questions, feel free to contact us at kawevents@outlook.com.

Program Guidelines and rules:

All participants must be 2024 KAW members. If you haven't joined or renewed membership, please do so at [Login \(kaow.org\)](https://kaow.org)

- Each participant is allowed to take part in only one program (solo or group). This guideline aims to provide more KAW members with the opportunity to perform during our events.
- Setup time must not exceed 2 minutes. Plan accordingly if using props. Participants should limit involvement to 1-2 programs to ensure smooth transitions and audience engagement.
- The green room will be available 20 minutes before your program. Plan costumes accordingly. Performers may wait in the balcony or loading area beforehand due to room capacity limits governed by fire code.
- No food or beverages are permitted in the auditorium.
- No fire, glitter, candles, flash paper, or open flame of any type is permitted in the auditorium.
- Use of Alta, markers, or nail polish is prohibited. KAW reserves the right to cancel programs for violations and requires payment for any fines incurred.
- Costumes and props with sequins are not allowed, as they damage the stage and green rooms. Violations may lead to program cancellation and fines.
- Bring your own "Spike Tape" for marking, available at PNTA.com.
- KAW reserves the right to upload program videos to any of our official social media handles for promotional and archival purposes. The decision of the KAW Executive Committee in this regard is final.
